Professional Experience

Graduate Teaching Assistant

North South University | School of Business & Economics

Business Analyst

Kona Software Lab Ltd. | Commercial Team

Research Interest

Short Biography

Tasnim Ahmed Jarin completed her Master of Business Administration (MBA) in 2024 with a specialization in Management & Information Systems from North South University. She received her Bachelor of Business Administration (BBA) in Technology Management from the Islamic University of Technology.

She has professional experience as a Business Analyst at Kona Software Lab Ltd., where she worked on technical proposals, cross-functional coordination, client presentations and demonstrations, and explored business opportunities related to blockchain technologies.

During her MBA, she served as a Graduate Teaching Assistant at North South University, assisting faculty members with research, lecture preparation, examination grading, and test proctoring.

Her academic and professional interests lie at the intersection of technology and business management, particularly in the areas of Artificial Intelligence, Big Data Analytics, Automation, and Management Information Systems. She is also actively interested in applying emerging technologies to improve organizational decision-making and business processes.

Professional Experience

Research Interest

Her research interests focus on the intersection of technology, data, and business management. The areas of interest include:

1. Big Data Analytics in Decision Making
2. Artificial Intelligence in Management Information Systems
3. Automation in MIS
4. Business Analytics and Data Science
5. Blockchain Technology and Business Applications
6. Data-driven Organizational Decision Making
7. Technology-enabled Strategic Planning
8. User-centric Information Systems
